

Coastal Road Route_ —

This route takes approximately 35 minutes in a 4 x 4 Jeep from the main ferry port town of "Thong Sala." It is less direct than using the inner road (below). However, it offers the opportunity to admire the exquisite beaches of Koh Phangan. Pass through "Srithanu" and continue on the same coastal road, you will eventually reach the option to turn off for "Haad Salad." Do not take this turning, continue right up the hill. At the top turn right and continue along this road until you reach the "dirt track" turn off on your right hand side. Approx. 150m down this track on the right hand side is a "concrete incline." This takes you to the entrance of the village.

Inner Road Route_ —

This route takes approximately 30 minutes in a 4 x 4 Jeep from the main ferry port town of "Thong Sala." Head out on the "Hospital" or "Tesco Lotus" road and pass through "Baan Wok Tun." Continue on the same road until just before the turn off to Haad Salad Beach.
